

To help families access the internet to complete distance learning, Yolo County Library has purchased 100 hotspots with unlimited T-Mobile data plans that we will assign to select families for the 2020-21 school year.

**APPLICANTS MUST CALL (530) 666-8009, MONDAY – FRIDAY, 1 – 5 P.M.
SERVICE IS PROVIDED IN ENGLISH AND SPANISH.**

Details:

- In order to participate, an applicant must have a minimum of one child enrolled in a school located in Yolo County.
- To participate, applicants need to call (530) 666-8009, Monday – Friday between 1-5 p.m. to apply for the program. The deadline to apply is September 25, 2020.
 - If they call at another time, an applicant should leave a message and Library staff will return their call.
 - We will be able to assist applicants in English and Spanish.
 - If there is another language need, we will make arrangements to communicate with the applicant.
- An applicant is not required to have a Yolo County Library card. If this is the case, we will send them an application.
- We will not collect documentation from applicants, they will self-certify as to their circumstances.

We will use the following ranked criteria to select families for this program (1 is the highest need, 4 is the lowest need):

1. The applicant does not have internet connectivity where they live.
2. The applicant has a hotspot issued by a school from a service provider other than T-Mobile, and the device signal is very weak or nonexistent where they live.
3. The applicant has more than one child enrolled in a school located in Yolo County.
4. The applicant and/or their children are English language learners.
